

TERRY TREADS® PATIENT SAFETY FOOTWEAR

The premium features of the Terry Treads Patient Safety Footwear line focus on top notch patient safety. The rich colors, classic tread pattern and terry side construction provide patients with added style and comfort while addressing key fall prevention needs.

TERRY TREADS® PATIENT SAFETY FOOTWEAR

The need for patient safety initiatives is rapidly moving from a convenience for some patients, to a necessity for all patients.

As the market share leader in patient safety footwear, we have made a significant investment in equipment, product development and manufacturing capacity to bring you our Terry Treads Footwear with both single and double tread.
