Photo: New Confetti Treads™ from Encompass Group offer First 360° Tread on Market

### **Encompass Group Introduces Confetti Treads – 360° of Safety**

McDonough, GA–(December 2010)–Jennifer Woody, Encompass Group Albahealth Marketing Manager, announced the company has introduced the newest addition to their vast Patient Safety Footwear line, Confetti Treads.

“Confetti Treads feature the first patent pending 360° degree all-around tread coverage on the market,” said Jennifer Woody. “The new footwear line combines the uniqueness of all-around tread across three styles; classic, high risk and eco-friendly known as Eco-Fetti Treads. This new design provides the highest level of patient safety.”

The Patient Safety Footwear product line also includes the patent pending Safe-T Treads™ featuring the first firm, flexible sole made from their superior plastisol tread available today. In addition to the unique tread profile they provide superior fit and comfort with a reciprocated heel and premium protection against falls.

Identifying patients at risk is a key component of all falls prevention protocol. Albahealth offers extensive lines in risk management colors to meet the needs throughout any facility. All sizes and styles are available in multiple urgent colors. Albahealth is the first to offer patient safety, eco-friendly footwear focused on fall prevention. All eco-friendly products are made with a blend of pre-consumer recycled yarns, providing superior patient comfort while leaving a smaller environmental footprint.

Encompass takes patient safety even further by offering Safe-Steps™ Fall Risk Management Kits. The kits provide the key components needed to properly and easily identify patients at risk for falls. Each kit is color-coordinated and all components are available for individual purchase. The kit is comprised of four high-visibility elements to ensure clear visual reminders for staff and visitors.

#### About Encompass Group

Encompass Group, LLC (McDonough, GA) is one of the leading manufacturers and marketers of reusable textiles, professional apparel and disposable and single use medical products. For nearly a century, Encompass has been helping health care and hospitality organizations create safe and comfortable environments for patients, staff, residents and guests. By focusing on innovation, product knowledge and customer service, we strive to always meet the needs of our clients and surpass their expectations.
